DETAILED ACTION

Claim Objections

1. Claims 1 and 14 are objected to because of the following informalities: lines 4 and 6, respectively, "a" (last occurrence) should be changed to --an--. Appropriate correction is required.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 2, 5, 7-15, 17, and 18 are rejected under 35 U.S.C. 102(b) as being anticipated by Egawa et al (5,534,944) for the same reasons as set forth in Section 2 of the previous office action, dated 10/19/05.

Response to Arguments

4. Applicant's arguments filed 9/5/06 have been fully considered but they are not persuasive. Applicant asserts on pages 6-8 of the Remarks that Egawa et al fails to disclose the newly amended encoding step. However, Figure 6 of Egawa et al illustrates the concept of such common encoding parameter (e.g. 612-620) associated with the first compressed video stream. Furthermore, Figure 4 of Egawa already discloses a profiler 412 continuously tracks the same encoding parameter for instant parameter changes (i.e. updates).

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
